

Director of Communications Report

2019 EDGD Midyear Conference

Norfolk, VA

Nov 17-19, 2019

The new EDGD website has been much easier to maintain. It uses the original link: <https://edgd.asee.org>.

Annual conference chairs can provide information about sessions, business meetings, social events, and calls for papers to post on the EDGD site.

Midyear conference chairs can either prepare their own conference webpage or ask to have a conference webpage created and hosted on the EDGD site. For institutions with conference services, it may be easier to host at the institution, for example.

There is also a feature for creating posts to bring attention to upcoming events. This could be a place for the recent list-serve communications to be posted, and they can also have expiration dates to be removed when no longer relevant.

Respectfully Submitted,

Jennifer McInnis
