

# AMERICAN SOCIETY FOR ENGINEERING EDUCATION ENGINEERING DESIGN GRAPHICS DIVISION

## 75th MIDYEAR CONFERENCE

January 4-6, 2023

Raleigh, NC

at Aloft Raleigh Hosted by:

**NC STATE UNIVERSITY**

Topics should be of interest to the graphics education community and address any one of the following areas:

- Course content & tools
- Curriculum development
- Digital animation
- Distance education
- Concept design
- Innovative technologies
- Instructional methodologies
- Learning outcomes and assessment
- Visualization

### Important Dates:

Sep. 15, 2022 - Digests Due

Late October - Notification of Acceptance

Dec. 8, 2022 - Final Digests Due

**Overview:** This year marks the 75th year of the EDGD Midyear Conference where minds convene to encourage significant interest and discourse within engineering education. This time in Raleigh, NC, promises to bring together an audience to discuss the direction and focus of engineering design graphics across different disciplines.

**Submissions Overview:** Authors are invited to submit a digest for presentation at the conference and inclusion in the conference proceedings. All submissions are peer-reviewed. Submit electronically to the: <https://easychair.org/conferences/?conf=aseeedgd75th>

**Presentations:** Authors are invited to submit a 1200 –1500 word digest for presentation at one of the conference oral sessions or the media showcase interactive session. Note that a digest is not merely an extended abstract, but rather a condensed summary of the work performed, including as much data and as many results and conclusions as possible. Digests are peer-reviewed. Authors of accepted digests must be present at the conference in order to have their digests included in the conference proceedings.

**Grant Information:** Two travel grants are available to support travel to the midyear conference: Rising Educator Award and Outstanding Educator Award. See EDGD website for more details:
